

Belmont Brings Back Yearlings From France to Race in America

BELMONT YEARLINGS BACK FROM FRANCE

With others from Kentucky, they will be sold to highest bidders here.

OWNERS' FUND, \$75,000

Conditions for Stakes at Belmont Park Now in the Hands of the Printer.

Belmont offers opportunities to purchase two-year-old race horses for the renewal to be run in the State of New York on May 12. Belmont informed the stewards of the Jockey Club yesterday that he had engaged to bring over fourteen of the yearlings from France to be sold at public auction in July. Mr. Belmont will dispose of a similar number of yearlings to be sent at the same time. The yearlings will sell for this country and Minnesota on April 29. Two yearlings, filly, heavily engaged in French stakes, will be left behind.

In speaking of the plan Mr. Belmont said last night that the entire lot of yearlings would be sold without reserve. The highest bidders will get them and it is believed that many of the colts and fillies will be developed into high class race horses. Mr. Belmont's racing stable this year will comprise eighteen yearlings, five three-year-olds, three two-year-olds, five three-year-olds, three one-year-olds, and three aged horses.

At the meeting of the stewards of the Jockey Club yesterday the conditions depicting the death of J. Pierrepont Morgan were made public. Mr. Morgan was a member of the Jockey Club and a strong supporter of racing.

It was announced that the owners will guarantee the stakes and purse together with expenses to be incurred in the meetings at several New York tracks this year had been increased to \$1,000,000 also that it seemed probable that \$1,000,000 would be the total amount disbursed. This would seem to indicate that \$50,000 will be set aside for competition among turfmen who send their horses here.

Conditions for the stakes to be run at Belmont Park beginning Decoration Day are in the hands of the printer. They are twenty-three in number and include the best and most popular fixtures formerly run at Belmont Park, Gravesend and Sheepshead Bay.

Prizes offered for the Brooklyn and Sheepshead Handicaps will be \$2,500. The distance in each event has been reduced to one mile and a furlong. The Metropolitan Handicap, one mile, will have \$2,500 added, while the other stakes and race purchases call for \$1,500 each. There will be nine stakes for three-year-olds and novices, four for three-year-olds, seven for two-year-olds and three for chasers. Entries will close on April 24.

The added money for the overnight races will be \$100, \$300 and \$600. A non-purchase will be run every day. At least one day will be devoted to armories both on the flat and across country. Supplies of feed and other articles for getting Belmont Park in shape for the meeting. Several horses worked throughout yesterday in better than usual condition. Many applications for stable room have been received.

MANHATTAN CAN'T HIT HENRY.

Local collegians also fielded a good behind pitcher Hanley.

Princeton, R. I., April 9.—In the first race of the season on Andrews Field Princeton defeated Manhattan College today, 10 to 0. The New York boys were outlasted at every stake. Their fielding was poor and they could do nothing with Henry's delivery. Their two runs came in the eighth when the Brown twirler let down. Hanley started in the box for the twelfth and for five innings was fairly effective. He was succeeded by O'Connor in the seventh.

The score:

PRINCETON JOHN HOPKINS

When Pitchers Tighten

Up in Pinch.

PRINCETON, April 9.—Princeton found John Hopkins on University Field this afternoon defeating the Baltimore nine by a score of 10 to 6 in a slow game. Loose work in the field characterized the play of both sides, the visitors being charged with six misplays and the Tigers with five. The Tigers put up a better effort, exhibition, however, and this, coupled with their ability to hit when hits meant runs, gave them the game.
